Subject: NOAA Directors Capitulate to King Trump

Dear Dr. Jacobs:

As I begin investigating the "public employees" who currently manage NOAA on behalf of U.S. Citizens, I am immediately shocked to see that at this point you appear to be the in-charge of a SCIENCE BASED agency, that has now capitulated and offered an empty political defense of Donald Trump in his shocking weekend show over Hurricane Dorian!

At 71 years old, I am also shocked to see that there are still very smart scientists/administrators out there, who will sell their souls and destroy the spirit and work of thousands of Federal Government Scientists and workers, all to protect the image of a Buffoon President.

Your background in surfing, science and weather is very interesting, but right here in Orange County California we just got rid of former Congressman Dana Rohrabacher (the so called "Surfing Congressman") who left office branded as "Putin's Favorite Congressman." It appears that you are responsible for the "supporting Trump memo" that came out from our "Public Agency NOAA." I've been surfing since 1960 and I still see plenty of "surfers" that should just be classified as dumb Red-Neck Surfers with little or no knowledge of their shared world.

I've attached below a letter I've just sent to my California representatives with demands that this Trump / NOAA "Sharpie-Gate" be fully investigated.
Sell out to 1,000 years of science.

Donald Slaven

Subject: NOAA Political Theater with the Executive Branch over Citizen Safety

The recent weekend capitulation of Senior NOAA Directors to support the most recent embarrassing power grab by Donald Trump over false statements regarding Hurricane Dorian, must be investigated!!

How much longer is Donald Trump going to attempt personal control over all aspects of our democracy without any CHECKS??

Here we have a public Federal agency supposedly based on SCIENCE, with public employed scientists, being second guessed to save further embarrassment to Donald Trump!!

These NOAA sheep directors should be called before Congress, and resignations demanded!!
